

Chaddesley Corbett Endowed Primary School Newsletter

Issue 36 - 26th June 2020

**It's been great to see children from
Years 2, 3, 4 & 5 back in school this week.
We've missed you all!!**

Monday 20th July -
Friday 14th August 2020

Following recent Government updates and a greater return to work we are happy to announce that we are running a holiday club for the first four weeks of the summer holiday. We will be following the COVID-19 guidelines of enhanced cleaning and will need to maintain weekly 'bubbles' of 16 children.

If demand is greater, then due to current restrictions, it may be that we have to operate on a first come first served basis.

Recommendations are that Parents/Carers don't mix settings and stick to one childcare provider - we are open every day of the week Monday - Friday.

Mrs Handy will be sending a letter to all Parents/Carers with further details.

School Reports

School reports will be sent home with children that are in school on Friday 3rd July.

If your child is not in school, reports will be available for you to collect from the lobby area outside the main office.

If you would like the report to be posted to you then please log into your ParentPay account and make payment against 'School Report Postage & Packaging' and we will post it to you on Friday 3rd July or when payment has been received.

Speech, Language & Communication Skills Newsletter Tips

Speech, language and communication skills are important for all children, not just those with identified needs. This fun activity will heighten your awareness of speaking & listening and in turn develop language skills that are so important to literacy & learning.

Asking Why? Children like to ask 'Why?' so try asking some back. Start off with some obvious ones (usually related to 'rules') such as 'why do we need to look both ways before we cross the road?', before making it harder with more abstract ones like 'Why do our bodies like us to eat breakfast?' to ones that require real reasoning such as 'which is better to have holidays in summer or winter? Why?'

Charades Have fun acting out and guessing famous characters, films or books that your child is familiar with. Make sure you start with people, characters or topics your child is very familiar with.

Data Collection Sheet: Coronavirus Pandemic

Date W/B	Children on roll	Children that can attend	Children attending	Children in Key worker group	Children shielding due to vulnerability	Children self-isolating own illness	Children self-isolating 'bubble' illness	Children self-isolating household illness	Children ill with non covid illness

Plea for donations

Year 6 are making a mosaic tile decoration on the school pizza oven as a leaving gift to the school. To this we require small square tiles and glass pebbles.

If you have any please send donations to Miss Edwards.
Thanks

Year 6 'Fiver Challenge'

Over the past couple of weeks, the year 6 bubbles have been busy working on their 'Fiver Challenge' projects. After an initial investment of £5, they have put their entrepreneurial skills to the test with the ambition to make as much money as possible. The money they raise would normally go towards their leavers party. However, due to the current situation we are planning to hold the party in the Autumn Term so that the children are able to meet up with all of their friends again. It has been especially hard due to COVID-19, but they have shown excellent resilience and ingenuity.

The one bubble has planned a staff carwash which they are busy advertising to staff and governors currently!

The other bubble has been producing revision guides to support parents and pupils with home learning. They have taken advantage of their unique position at the end of primary education to focus on skills they think will benefit others in the school. Please see their advert below!

CCEPS revision

from kids for kids!

**Are your children struggling to learn at home?
Have you found home schooling hard? Would something showing you the key skills help?**

If this would be of interest to you, then you are in luck! The pupils in year 6 have made excellent revision guides which will help practise the skills they have found most important during their time in primary school. These will be emailed as PDF files for quick and easy learning!

Take advantage of this amazing offer at the following incredibly low prices.

ENGLISH REVISION PACK - £1

MATHS REVISION PACK - £2

(Note – although these are aimed at KS2 pupils, they might be useful for parents across the school!) To purchase these excellent resources, please login to ParentPay and select the correct option. Please ensure you include an email address in the comments box for them to be sent to.
