Our MAB Proposal

Dear Friends and Colleagues,
Governors are delighted that this week has seen the beginning of the consultation process regarding our proposal to build and operate a 10 pupil autism resource centre at CCEPS. We are joined in our work on this by Professor Barry Carpenter CBE OBE PhD who is a world renowned autism expert and the UK's first professor of mental health in education. Barry is a long standing friend of our school and has brought his wealth of knowledge and expertise within SEND to help us. This week he has met with Ms Edwards and builders to agree a terrific autism friendly design for the building, plans for which will be posted on the website as soon as they are drawn up. We encourage you all to engage with the consultation process via the school website or by requesting paper copies of documents and to share in our excitement about the project.
Polly McMeeking Chair of Governors

Well done to everyone who took part!

Meet Isla!

Isla is a 5 year old
afghan hound
who will be
visiting school
every few weeks.
Dogs have been

shown to have therapeutic effect on some children and Isla is perfect therapy! She has a lovely temperament, and likes being with children. Isla will be on a lead at all times and a full risk assessment has been carried out. She is completely up to date with her inoculations and worming and is insured to be in school. Although Afghan hair rarely causes allergies, please can you let us know if your child is allergic to dogs.

Domestic Abuse Champion

Domestic Abuse can be a difficult subject to talk about. Domestic abuse can include a pattern of incidents of controlling, coercive or threatening behaviour. This can encompass, but is not limited to, psychological, physical, financial and emotional types of abuse. Ms Rebecca Parker has just completed extensive training on Domestic Abuse and can help to support you and sign post you to receive any further support you may need. She works at school on Tuesdays and Wednesdays and can be contacted via a message at the office. Ms Parker receives many different calls so be please be assured there would be no way of knowing the reason for your call. We can offer a safe discreet and welcoming place here in school to talk to Ms Parker.

Ms Parker can also be contacted directly by email on

There are some lovely contributions from local children, as well as features on gardening, reading and craft and plenty of competitions to be won.

Tips to Improving Low Self Esteem

Here are some other simple techniques that may help you feel better about yourself.

Give yourself a challenge

We all feel nervous or afraid to do things at times. But people with healthy self-esteem do not let these feelings stop them trying new things or taking on challenges. Set yourself a goal, such as joining an exercise class. Achieving your goals will help to increase your self-esteem.
