British Science Week 2023

We will be holding our annual science week from Monday 13th - Friday 17th March and hope you will be able to come in at some

point in the week to support your child. We will be inviting parents in during the afternoons of the 13th, 14th, 15th March and will be holding our Science Fayre during the afternoon of the 17th March. We would also like to invite any parents or grandparents who work in a job that involves science or engineering that would be happy to come in and talk to the children about what they do. We have had some really interesting sessions in previous years and the children always enjoy hearing about how science is used in the real world. If you are able to help us with this please speak to either your child's class teach or to Ruth Parker in Yr 4
